Cuticura
Miracles of Healing Unparalleled in Medical History.
CUTICURA RESOLVENT, the great natural blood purifier, absorbent, renovator and vitalizer, has shown its grand curative power in scrofula, white swellings, ulcers, erysipelas, swelled neck, scrofulous inflammations, mercurial affections, old sores, eruptions of the skin, sore eyes and scalp affections, with dry, thin and falling hair; and when the CUTICURA, a Medicinal Jelly, and the CUTICURA SOAP, prepared from it, are applied to external symptoms, the cures affected by the CUTICURA REMEDIES are marvellous.
SCROFULA.
SCROFULA.—Hon. William Taylor, Boston, State Senator of Massachusetts, permanently cured of a humor of the face and scalp that had been treated unsuccessfully for twelve years by many of Boston's best physicians and most noted specialists, as well as European authorities. He says: "I have been so elated with my successful use of the Cuticura Remedies that I have stopped men in the streets to tell them of my case."
RUNNING SORES.
RUNNING SORES.—Henry Landecker, Dover, N. H., certifies that Aug. 23, 1877, he broke his leg. The bone was set by a physician. Upon removing the splints sores broke out from the knee to the heel. Doctors called them varicose veins, and ordered rubber stockings. Paid $25 for stockings, without any signs of cure. Bought CUTICURA REMEDIES and was rapidly and permanently cured. Certified to by Lothrops & Pinkham, Druggists, Dover, N. H.
SALT RHEUM.
SALT RHEUM.—Geo. F. Owen, Dealer in Pianos, Grand Rapids, Mich., was troubled for nine years with Salt Rheum. Tried every medicine known to the trade, and was attended by many physicians, with only temporary relief. Cured by CUTICURA REMEDIES.
CUTICURA REMEDIES are prepared by WEEKS & POTTER, Chemists and Druggists, 360 Washington St., Boston, and are for sale by all Druggists. Price of CUTICURA, a Medicinal Jelly, small boxes, 50 cents; large boxes, $1. CUTICURA RESOLVENT, the new Blood Purifier, $1 per bottle. CUTICURA MEDICINAL TOILET SOAP, 25 cents. WOMAN'S TRIUMPH.
A Severe Surgical Operation. It is Endured without taking Ether. Subject, Mrs. Edward Myers, of Rondout, N. Y.
(From the Correspondence of the Kingston, N. Y., Freeman.)
The case of Mrs. Edward Myers, of Rondout, New York, furnishes an apt illustration of woman's power of endurance. This lady had been treated for months in the usual way for Erysipelas of the hand, without benefit. Not until her hand had become a mass of putrified flesh, did she turn to Dr. Kennedy, proprietor of the "Favorite Remedy," for help.
He at once informed her that it was impossible to save the hand—it must be amputated. She received this terrible intelligence quietly, declined to take ether, stipulating merely to hold her husband's hand during the operation, and underwent the painful process without moving a muscle or uttering a groan. Dr. Kennedy then gave "Favorite Remedy" freely to cleanse the blood and prevent the return of the disease, and Mrs. Myers now lives and rejoices in her great deliverance.
"Favorite Remedy" is fast becoming a trusted household friend in all cases of Female Weakness and diseases of the blood. One dollar a bottle. Your druggist has it.

STATE NEWS.

Androscoggin.

The damage to Hathorn Hall, Bates College, is adjudged to be $1,466.80 and is adjusted at that figure by the underwriters.

A female tramp, known about Lewiston as "Scotch Sue," was found intoxicated and lying in a frozen puddle, a few nights ago. Her tattered garments had frozen into the ice. She was given suitable shelter and a physician attended her. She came out of the adventure as tough as ever.

The *Journal* says: For the past seven years, the two fire departments of Lewiston and Auburn have acted in cooperation, through the management made by the chief engineers of the two cities, the city governments having made no provision for anything of the kind. The two departments have worked together in perfect harmony at all fires, and somewhat strange to relate, there has not been any disagreement or jealousy between them. They have practically been one department. This state of things is beneficial to both cities, and is a source of gratification. Chiefs Miller and Peck think a similar record can rarely be found in the country.

Dr. Horr, of Lewiston, went into a drug store, Monday evening, and left his horse standing in front of the store. Soon after entering, he saw a strange man coolly get into the sleigh and drive off with the team. The doctor at once pursued him. The fellow, concluding he was chased by the owner of the team, when he heard the doctor in pursuit, jumped out and ran. A gentleman named Merrill took in the situation and started after the team-stealer. At this time, policeman Barnum Jones came along and joined in the pursuit. They were unable to catch the fellow, but the doctor got his team all right. The police say the description of the fellow answers that of a tramp who recently spent a night in the station. It was a very cheeky performance on the tramp's part.

Hon. J. R. Pulsifer, of Poland, has shipped 500 barrels of apples to Liverpool, the past season, getting a high price for them. Mr. Pulsifer has a contract to forward all the butter made on his farm to the South. It goes in lots every week to a hotel in Atlanta, Georgia.

Lewiston and Auburn have a queer old lady, who goes hobbling about on a crutch, and with her muttering and stooping, and generally weird look, frightens the children. This winter she envelopes her aged head in a very large and flaring black hood; and out of its recesses peeps a sharp, bony face. A perpetual scowl is on her deeply-creased forehead, and sharp black eyes, set in deep, purple-rimmed sockets, seem to dart ferocious glances at strangers. Her gown is mostly black. Her crutch is apparently as old as she is; it is crooked and full of knots. Her short skirts show a pair of thick leather boots on her feet, as she goes on her long walks, at a leisurely pace, stopping every now and then to eye some scrap on the pavement, and bestowing a withering gaze on all who stare at her. She frequently halts before a poster-board, and tears off the bits of old paper that loosely flutter in the wind, cramming them in a capacious bag she carries in one hand. People who are attracted by her queer appearance and ways, say: "What queer old thing is that?" Those who know her say: "She's a good old woman; was once as smart as any in the town; but she's now quite out of her head, poor thing."

The annual report of the town of Deering for 1880, shows a total tax assessed of $49,310.83. Valuation, $2,475,165, of which $1,965,270 is real estate, $484,235 personal, and $25,660 supplementary valuation. The tax is $1.85 per $100 or $45,315.84; 1,130 polls at $3, and 154 dogs at $1; and supplementary tax of $450.99. The receipts from sources other than taxation were $2,220.23 and the expenditures $30,205. The schools are in excellent condition and 110 have been registered in the High School.

The Portland *Argus* says: We understand that Mr. Lindsey has closed his term at the Preble House and that Mr. Montgomery S. Gibson has taken possession as his successor. Mr. Lindsey has kept a good hotel, and Mr. Gibson, who succeeds him, has had much experience, some eight years in the Preble, and will no doubt keep the hotel up to its high standard of excellence.

Mrs. Millicent Merrifield, of Sebago, a feeble and corpulent old lady of almost eighty years, fell on the floor last Thursday, striking against a table in her fall, and sustaining a shock from it. It is feared she cannot recover.

Franklin.

At a meeting of the directors of the corn canning factory at Farmington, Mr. Warren Tuft, of New Sharon, was engaged to superintend the cutting department. Being a practical farmer himself and interested in the matter of cutting the corn clean from the cob, as he yearly plants a number of acres, this appointment is satisfactory to the patrons and the factory.

Kennebec.

Sheriff Stevens has appointed J. S. W. Hewitt, of Fayette, one of his deputies.

In our marriage notices of Monday morning was printed the account of a wedding in which the bride was a lady of 80 summers.—*Augusta Journal.*

County Attorney Heath drove out to the scene of the Merrill tragedy, Tuesday, to look the premises over to aid him in prosecuting the case for the county.

Miss Mary Buzzell, of Vassalboro, while walking to church at Cross Hill, on Sunday last, accompanied by her sister, complained of pain in her side, and a few minutes after dropped dead by the roadside. She had previously been in her usual health. Age about 23 years.

Mr. Joseph Lake, a man 86 years old, and a former resident of Albion, but of late, has made a home with his son-in-law, Mr. E. Sanford, of Palermo, started Thursday, on foot, to look after some property which he owned in Albion, and when nearly opposite Mr. Eben Hutchins, he was seen to fall; not rising again, Mr. Hutchins went to his relief, when he found him insensible and apparently in a dying condition. He was conveyed to his home in Palermo, where he remains unconscious and it is said he cannot recover.

Sagadahoc.

Clinton Goud, a workman in the Topsham Paper Mill, met with a serious accident, Thursday of last week. His foot got caught in a belt on the floor, which was attached to a shaft overhead, and he was drawn up feet first, breaking his leg near the ankle. On Saturday the foot was amputated, and Monday he died from the effects of his injuries.

Mr. William Dunlap, an aged and respected citizen of Topsham, died Wednesday, the 2nd, after a short and severe sickness.

At the annual meeting of Androscoggin Engine Company, the following officers were chosen for the ensuing year: Daniel W. Johnson, 1st Director; Samuel E. Curtis, 2nd Director; Chas. F. Pettic, 3d Director; J. H. Smith, Clerk and Treasurer.

Somerset.

Frank Heselton, of Skowhegan, had hard luck with his horses last week. A valuable white mare broke her leg at The Forks and was killed, while soon after a black span was taken sick and died of lung fever.

Mr. A. B. Eaton, of Cornville, cut a pine this winter such as are rarely seen these times. The tree scaled 5,020 feet. The butt measured 13 feet and five inches in circumference, and he was able to get 300 feet in length of logs from it owing to several large prongs which branched off 16 feet from the butt. One of these prongs was used for timber to the height of 108 feet from the stump. The four branches furnished four logs, and the top end of them where they were cut averaged 29 inches in circumference. From the stump to the top of the highest spindle was just 125 feet and six inches. In falling the tree, a log 12 feet long was broken,—which was not included in the 300 feet of logs got out of the tree. With this log the total length would be 312 feet. The grains of the tree were plainly distinguished, from which Mr. Eaton computed that the tree must be 205 years old. He says he knows that this is a big yarn, and if any one doubts it they have only to call at his place and inspect the logs for themselves.—*Reporter.*

The Skowhegan *Reporter* says: Mr. W. B. Morrill hands us the following list of persons in this town who are 80 years old and upwards: W. B. Morrill, 83 years; Stephen Jewett, 87 years; Rev. Chas. Miller, 86 years; Daniel Adams, 82 years; Daniel McPherson, 83 years; Joseph Robinson, 82 years; Daniel Ward, 81 years; Capt. Silas Richardson, 84 years; Eben Goodrich, 88 years; Samuel Pratt, 89 years; Oliver Heald, 89 years; Levi Emery, 84 years; Capt. Salmon White, 83 years; Col. Daniel Snow, 80 years; Capt. Wm. Pitts, 83 years; Jonathan Mitchell, 88 years; James Steward, 83 years; Levi McIntire, 83 years; Asa Merrow, 83 years; Thomas Boyce, 85 years; Isaac Buzzell, 87 years; Edward Adams, 81 years; Edward Knight, 81 years; Robert Caine, 84 years; Mr. Chillcot, 83 years. Mr. Morrill tells us that there are several ladies upwards of 80 years of age, but knowing the natural delicacy of the sex in regard to the question of age, he does not put in their names. He says there is one lady 91 years of age in town.

REPUBLICAN CAUCUSES.

The Republican voters of the City of Bangor are hereby invited to meet at the polling places in the various Wards on SATURDAY EVENING, March 12th, at 7.30 o'clock, to nominate candidates for Aldermen, Councilmen and Ward Officers, to be voted for at the Municipal election, March 14th, 1881.

By order of the Republican City Committee.
G. A. DAVENPORT, Chairman.

March 7, 1881.

AN EXCELLENT NOMINATION.

We can most cordially congratulate the Republicans of Bangor upon the earnest and harmonious caucus held last evening, and the excellent nomination for our candidate for Mayor. In presenting to the voters of this community the name of

LYSANDER STRICKLAND,

the Republicans have no need to introduce their candidate who has long been one of our most prominent and influential, safe and reliable citizens. Mr. Strickland is now and has been for some time absent from home on a visit to the Far West, and this expression of the confidence of his fellow-citizens is all the more valuable and complimentary for coming unexpectedly and without solicitation.

Mr. Strickland's interests are entirely identified with those of the community, and his experience in various public positions renders him familiar with the line of duty that will devolve upon him at the head of the City Government. His high character and well-known business ability furnish ample guarantee of an efficient administration; and he is entitled to the support of good citizens of all parties who desire a thoroughly competent, discreet and wide-awake Mayor.

Had Mayor Brown felt able to undertake the care and fatigue of the position for a third term, he would have been heartily renominated, for in the remarkable exigencies that have occurred during his two years as Mayor he displayed the highest quality of courage and executive ability, and in the management of the business interests of the city he has proved indefatigable in his zeal and sound in his judgment. Aside from the criticisms that have arisen upon the difficult subject of the suppression of the liquor traffic, the administration of our municipal affairs under Mayor Brown has commenced the most cordial approval, and the financial exhibit that we print elsewhere, is one that he may well feel pleased to hand over to his successor.

We only need now to make thoroughly good nominations in the several wards and to interest ourselves individually in getting out a full vote, and handsome majority for the whole Republican ticket next Monday.

PLAISTED SNUBBED.

The budding ambitions of the Fusion Governor were conspicuously snubbed by the Fusionist Senatorial caucus. At the first meeting Tuesday evening little Keegan presented the name of John C. Talbot, the "war horse" candidate; "our own" Stephen Jennings brought forward Samuel J. Anderson for the nominee; Strout, of Cape Elizabeth, presented Richard A. Frye, of Bethel; and Ritchie of Winterport, trotted out Plaisted. A sharp wrangle ensued between the straight Democrats and the straight Greenbackers, in course of which Jennings is reported to have advised the brethren that "they had either got to make a straight Democrat or a straight Greenbacker, in order to long maintain an organization. The so-called Fusion party was neither party, and would not long exist, and that they might as well look the matter in the face, at once as to delay." The meeting broke up without any choice. At the next meeting, on Wednesday evening, the liveliness was renewed and resulted in dropping Plaisted out entirely and giving the "honor" of the nomination to R. A. Frye, formerly a Judge of Probate in Oxford county. The only object in seeking this nomination was to be able to claim the nomination "by usage" when the Senatorial election occurs in 1883. Plaisted felt sure of it, and the snubbing is a sharp one.

THE REPUBLICAN NATIONAL COMMITTEE.

The *Tribune's* special says an important omission was made in the report of the action of the Republican National Committee on last Friday. After the discussion in regard to the two reports upon district representation had continued for two or three hours, Mr. Chandler said that inasmuch as there was so much difference of opinion in regard to details, and as there had not been time enough to perfect a fairly adjusted system, he would propose that a committee of five should be appointed, to report within a year a plan for the election of district delegates. He put his proposition in the form of a resolution, providing in effect that the committee shall embody in its next call, in accordance with the directions of the National Convention, a provision arranging the representation of the various districts and the method of electing their own delegates. Mr. Gorham moved his own proposition as an amendment and the discussion began anew, but the amendment was withdrawn and the committee passed Mr. Chandler's resolution by a unanimous vote. Thus it appears that the sub-committee of five which the committee provided for is not to take into consideration the question of whether the districts shall be represented in the National Convention or not, but is to consider simply the methods which it is the most desirable to adopt to secure district representation. While the discussion was eminently courteous and pleasant, it was apparent that the Third Term principle, to which the subject of district representation became closely related at Chicago, was still alive and vigorous.

HANNIBAL HAMLIN.

[From the Chicago Inter-Ocean, Mar. 4.]

After a public service of half a century Hannibal Hamlin leaves the Senate of the United States to-day. He leaves voluntarily. His State would gladly keep him in the seat he has filled so long and so ably, but he retires to make room for one of another generation of as active, and it is to be hoped, as useful men. Mr. Hamlin has been the patriarch of the Senate; his ability, his experience, his integrity, his wisdom, his candor, his courage, and his zeal have fitted him for the place that Nestor filled in the armies of Agamemnon. No man, in the long list of honorable and able men, has received, or has deserved, a higher respect from his colleagues and from his country than Hannibal Hamlin. His life has been a noble and a useful one, and no man has ever retired from a public career with less to regret or more to be proud of.

Only the most prudent administration of the various departments, has secured these gratifying results, from the very moderate appropriations provided.

The release from the long impending claim for damages to the Veazie Mills, for which $26,000 was paid during the year now closed, and the assured diminution of the State tax for 1881 warrant the expectation of a material reduction in the rate of taxation for the coming year, even while providing for the payment of $15,000 of the city debt maturing in July next.

The advance in receipts of the B. & P. Railroad, $11,000 over those of the next previous year, and in excess of any year since the default of the road, is full of encouragement, and the hopeful outlook for the speedy completion of this long neglected and much abused enterprise, promises enhanced prosperity to the road, and ultimate relief to the tax payers.

THE POPULAR VOTE FOR PRESIDENT.

[From the Baltimore American.]

In your paper of this date you follow the *Cincinnati Enquirer* in giving to Gen Hancock a popular majority of 8,106. These figures give the totals:

General Garfield,	4,416 534
General Hancock,	4,424,690
Mr. Weaver,	313 893
Neal Dow,	10,791
Scattering,	13,285
Total,	9,169,213

These are said to be the "latest," including "cooked-up returns" from South Carolina and Louisiana. I do not concur in this statement of the result. I took unusual pains to get the correct result for the *New York Tribune Almanac* for 1881, and I obtained a larger popular vote than the above table shows, and with a different distribution of the items composing it. Since that publication Nevada has come to hand officially, and Texas. The changes in these, with a revision of figures in Louisiana, give a net gain to General Garfield of 3,500 votes and a net loss to Gen. Hancock of 1,702. Making these corrections, the totals stand, as between Generals Garfield and Hancock, as follows:

General Garfield,	4,454,421
General Hancock,	4,446,186
Garfield's plurality,	8,235

The total vote previously quoted is increased by the later returns, by 1,798 votes, and it reaches an aggregate of 9,220,348. In making up these tables, Gen. Garfield is credited with all the votes cast for the two Garfield electoral tickets in Louisiana, as Gen. Hancock is credited with all those cast for the two Hancock electoral tickets in Virginia, and with all those cast for the "fusion" electoral ticket in Maine. Conceding everything to General Hancock which can be claimed for him, he is in a minority of over 8,000 votes.

Many of the errors of current tables have arisen from a failure to correct by the official returns from the more distant States (conspicuously Nevada, Tennessee and Texas) and by failing to construct the tables upon the manifestly fair principle of awarding to each candidate the actual vote cast by his party in the respective States.

Very respectfully,
EDWARD MCPHERSON.
Gettysburg, Penn., Feb. 23, 1881.

A WORTHY EXAMPLE.

[From the Providence Journal.]

It is incidentally mentioned in the account of the proceedings at the inauguration, that the President, immediately upon concluding his address, turned to, and kissed, first his mother and then his wife. We take this to have been an act both spontaneous and characteristic. The President thereby taught a lesson which, if rightly regarded, would be quite as consequential and valuable as many to be read in his official utterance. It was a recognition of the mother and wife at a moment when ambition and pride might naturally hold predominance, unless indeed these feelings were habitually dominated by a sense of responsibility and the warmer instincts of our nature. However much his contemporaries may have differed with General Jackson in respect of the manner of his exhibition of it, the people always admired him the more for his knightly devotion to his wife. There is no weakness in evincing a tender regard for parent or wife. Indeed, amid the loosening of family ties by the relegation of the children to any place but home for education, and the throwing off allegiance to parents on the part of the young, it is gratifying to be reminded, in such public and homely way, that there are, among the most influential, some who own and teach the value of domestic unity. Neither the wisdom nor the firmness of the Garfield administration will be deteriorated by the possession, on the part of the President, of gentle feelings, or a daily life inspired by the presence of good women.

The *Commercial* publishes an extended abstract of a speech made by Dr. Ladd in relation to the restoration of American commerce. Is our contemporary's failure to make any comment on the speech due to the fact that the remedies favored by Ladd are those heretofore proposed and advocated by Republicans and bitterly opposed by the *Commercial*? We suppose our neighbor is inclined to give the Dr. a little string, knowing that he can be readily twitched into line when occasion requires.

Mr. Z. L. White, Editor of the *Providence Press*, says Senator Windom favored the Inflation bill, while General Grant vetoed, not in obedience to his own convictions, but on the mistaken supposition that the instructions to vote for it which came from Minnesota represented the almost unanimous sentiment of the State. Mr. White recalls a conversation which he had with Mr. Windom at the latter's home in Winona, after the adjournment of Congress in 1874, in which he frankly confessed that he had been mistaken about the demands of the people, and expressed regret that he had not voted his own convictions. The Secretary has a chance now to blot out the old record by placing over it a new one of valuable service to sound finance, and there is every reason to believe he will do it.

A correspondent gives the following as Senator Hale's opinion of the Cabinet: "I estimate it as a strong Cabinet. It will, I think, be found to be a working and harmonious Cabinet. It will not be torn by either dissensions or ambitions of its members. I do not think there is a man on the list who does not go there with the single purpose of giving faithful service to the President, and to make his administration successful. It will, too, be a Cabinet with a following. The congressional experience of its members will be found invaluable. I look to see it grow in favor and become just what Gen. Garfield selected it for,—a body of safe, strong, faithful counsellors."

Maine is represented in the Cabinet again for the fifth time. Nathan Clifford was Attorney-General under Polk; Horatio King was Postmaster-General under Buchanan; Pitt Fessenden was Secretary of the Treasury under Lincoln (second term), Lot M. Morrill was Secretary of the Treasury under Grant (second term); and James G. Blaine, as Secretary of State under Garfield, completes the list. Gen. Knox, of the District of Maine, was Washington's Secretary of War nearly five years. This will do very well for the State where the sun rises.—*Boston Herald.*

"Reform" doesn't seem to work smoothly in Ward Seven. The caucus to which "Tax-Payers" were called last evening proved thoroughly "cut and dried" by some old political stagers. The familiar device of having a "committee" present a list of candidates was resorted to, and some of the "committee" put their own names on the ticket. The "boys" don't seem to relish that sort of "put up job" and there is music in the air.

"I have observed," writes Moncure D. Conway, "a paragraph in American papers to the effect that Mrs. Lewes, wife of the late G. H. Lewes, is insane. I am acquainted with personal friends of that lady, and have heard much concerning her, but I never heard of her insanity, and am convinced that this is a mistake. She resides at Notting Hill with her daughter, who has at various times been a governess."

Abram S. Hewitt, being convinced that it concerns Democrats quite as much as Republicans to get at the "true inwardness" of the Morey forgery has contributed $100 for that purpose.

The Albany *Journal* (Rep.) tells a correspondent that it does not believe that either Hayes or Grant could have been elected President last year.

Every Man, Whether He Be Rich, "well to do," or a wage earner, owes it to those dependent upon him, and to society, to insure his life for an amount in proportion to his means. Riches take wings, prosperity changes to adversity, and human life fails when least anticipated—the former in an enormous percentage in the history of the rich, the latter, earlier or later, with unfailing certainty. Life insurance is now reduced to an almost exact science, and its protection is now within the reach and means of all classes.

Legislative Proceedings.

[SPECIAL TO WHIG AND COURIER.]

Senate.

AUGUSTA, March 10.

Resolve in favor of the State Prison, which appropriates $40,000 to pay the old debts of the prison and $2,000 to pay the interest on these claims, was given a passage in the Senate, but it came back from the House with the $2,000 for interest stricken out. Senators Beatty, Dingley and Pattangall opposed the amendment, and thought the State was bound to pay interest on its just debts. Senator Bisbee favored the amendment. The Senate refused to adopt the amendment 2 to 23, and insisted on its former vote in passing the resolve. A Committee of Conference was appointed consisting of Senators Bisbee, Beatty and Dingley.

Bills were reported to increase the salary of the County Attorney of Piscataquis county to $200; to incorporate the Ocean Bank of Kennebunk with a capital of $100,000.

Ought not to pass was reported on bill to amend sec. 30, chap. 113, R. S., relating to examination and oath of poor debtors. There is a minority report, which is that the bill ought to pass.

Senator Bisbee presented an order, that the Judiciary Committee inquire into the expediency of providing an additional term of the County Commissioners of Oxford county.

The special assignment bill to authorize the Kennebec Log Driving Co. to erect a boom across the Kennebec river at Brown's Island, was called by Senator Cornish, who proposed an amendment providing that the company shall be liable for flowage damages caused by the boom. The amendment was adopted and the bill assigned for to-morrow at 11 o'clock, on motion of Senator Wakefield. Subsequently the Senator withdrew his motion to assign and the bill was passed to be engrossed.

Senator Bisbee presented a bill which provides that if a vacancy occurs in our representation when Congress is in session, the Governor shall call a special election forthwith, and in case of a special session, or the next regular session, he shall order the election so that the person elected can attend such special or regular session. The Governor and Council are required to be in session seven days after the election to open the returns and declare the result.

Bill relating to forcible entry and detainer, and tenancies, was taken up and indefinitely postponed, on motion of Senator Mortland.

The majority and minority reports of the Committee on Temperance, on the bill to amend sec. 45, chap. 27, R. S. relating to the sale of intoxicating liquors, was taken from the table and to-morrow at 11 o'clock assigned.

The House resolve appropriating $1000 to aid in the construction of a road from Brownville to the Katahdin Iron Works, came from the House refused a passage. Senator Hill moved to non-concur and supported his motion in a speech and Senators Dingley and Pattangall opposed it. The Senate concurred with the House, 20 to 3, in indefinitely postponing the bill.

Senator Walker presented a bill relating to libraries, charitable societies and public cemeteries.

Passed to be engrossed—Bill to allow B. & F. B. Conant to erect a boom across the Little Androscoggin river; to legalize the doings of the First Congregationalist church of Bangor. (Under suspension of the rules.)

Passed to be engrossed—Bill to authorize the town of Norridgewock to refund the bonds issued in aid of the Somerset Railroad; an Act in relation to the recording of certain papers and records now in the Land office.

House.

Bills were reported to enable certain towns and cities to aid in the construction of the Kennebec Central Railroad; to enable towns to aid in the construction of the Boothbay Railroad; relating to mortgages of real estate and actions thereon.

Mr. Strout from the special committee on the state of Commonwealth made a majority report on that portion of the Governor's message on the condition of Commonwealth. Pending the presentation of a minority report, it was tabled.

Mr. Leavitt of Deering presented bill for the protection of alewives which, under suspension of the rules, was read three times and passed.

Ordered, That the Committee on ways and Means be directed to assess a State tax for each of the years 1881 and 1882 of four and a half mills on the dollar of the State valuation of 1881.

A resolve was reported providing for a settlement of accounts between the State and Gov. Garcelon. Ordered printed.

Bill providing for one term of the S. J. Court annually at Caribou came from the Senate indefinitely postponed. After a long debate the House by a vote of 59 to 31 voted to recede and concur with the Senate.

Bills were reported to amend chap. 206 of the public laws of 1880, relating to suits by collectors of taxes and the jurisdiction of trial justices; to incorporate the Marine Bank of Bath.

Report giving leave to withdraw on petition for a law granting the women of Maine the right and privilege of voting for members of school committees upon equal condition with male citizens, was read and tabled, pending the motion of Mr. Freeman of Cherryfield to substitute the minority (reporting a bill) for the majority report.

Passed to be engrossed—An Act relating to suits on administrators and executors bonds; Act to amend charter of the Ocean Park Association; Act relating to drains and sewers in Auburn; Resolve for the propagation of fruit; Resolve in favor of the State prison. Both branches adjourned to afternoon.

Presentation.

AUGUSTA, March 10. Just before the House was called to order this forenoon, Speaker Hutchinson in behalf of the members of that branch, presented Wm. J. Smith, one of the Messengers, a valuable watch and chain, as a slight testimonial of their good will and appreciation of his faithful services. The gift cost some $50.

Various Matters.

A bill was presented to incorporate the Cushnoc Manufacturing Company in Augusta, for the manufacture of cotton goods, with a capital not exceeding $2,000,000. The corporators are James W. North, James W. Bradbury, Oscar Holway, Watson F. Hallett, Edmund F. Webb, Darius Alden, Thomas Lambard, Samuel Titcomb, Richard D. Rice, Anson P. Morrill and Amos D. Lockwood.

The bill to enable towns to aid in the construction of the Boothbay Railroad, provides that the towns of Boothbay, Edgcomb, Newcastle and Damariscotta, or any of them, through which the Boothbay Railroad may be built, may guarantee the interest on any bonds issued by the Boothbay Railroad Company for the construction of its road from tide waters in said Boothbay to the Knox and Lincoln Railroad under the charter granted by the present Legislature, or on such portion of the road or bonds and, to such an amount of interest as they may prescribe in their vote, provided however, that none of said towns shall incur under the provisions of this act, an indebtedness or liability which together with the prior indebtedness or liability of such town shall exceed five per cent. of its next preceding valuation. Any town guaranteeing interest in the above manner shall be secured therefor by said railroad company by mortgage of its franchise, road and property connected therewith, subject to any prior mortgage, or in such other manner as the directors of the company, and such towns may agree upon.

The majority report of the committee on that portion of the Governor's message relating to the condition of the Commonwealth, is a voluminous document, and a complete review of the acts that have been passed to remove all such unjust burdens as the Governor complains of. It is signed by D. N. Mortland and L. A. Emery, on the part of the Senate, and A. A. Strout, A. P. Morrill, Wm. F. Freeman, M. N. McKusick, and O. G. Hall, on the part of the House. A minority report, taking exceptions to the findings of the above is signed by Senator Taber and Ritchie, of Winterport.

The bill relating to suits by collectors of taxes and the jurisdiction of trial justices provides that no trial justice or judge of any municipal or police court, before whom such writ is brought, shall be deemed incompetent to try the same by reason of his residence in the town assessing said tax.

The bill presented to-day by Senator Bisbee relating to Congressional vacancies provides that whenever a vacancy shall occur in the representatives of this State in the National House of Representatives, the Governor shall issue his proclamation for an election to fill such vacancy. In case Congress is in session when such vacancy occurs, this proclamation shall be issued forthwith, and in case Congress is not in session when such vacancy occurs such proclamation shall issue in season to secure representation at the next called or regular session of Congress. Section second provides that it shall be the duty of the clerk of each town within twenty-four hours after the close of the polls to deposit the returns of the votes cast at such special election, postpaid, directed to the Secretary of State, to be transmitted by mail. The Governor and Council shall meet seven days after such election and open and canvass such returns and declare the result. The Governor shall immediately issue a certificate of election to such person as is thus declared to have received a plurality of votes.

The bill to incorporate the Marine Bank names Samuel D. Bailey, Parker M. Whitmore, Henry W. Field, Edward C. Hyde, Guy C. Goss and Horatio A. Duncan as the corporators, with a capital of $300,000.

Vessels in Distress Off Portsmouth.

PORTSMOUTH, N. H., March 10. A severe storm of wind and rain is prevailing off this coast. Three vessels are in distress outside this harbor. One, a bark, laden with cotton, is close on Stillman Rock, about 350 feet from the shore. The others are two schooners, one English and apparently light. A fourth vessel was driven on the rocks, but got off.

The United States steamer Leyden has been ordered to the lower harbor to render them assistance. A tremendous sea prevents assistance from the shore.

Second Despatch.

PORTSMOUTH, N. H., March 10. The name of one of the vessels flying signals of distress this forenoon during the severe storm, was Olseo, a British bark bound from Boston to St. John with an assorted cargo. Being in a very dangerous proximity to the rocks, together with a fear that her anchors might not hold against the severe gale, assistance was asked and answered by the United States Steamer Leyden, which took her in tow and moored her alongside the United States Steamer Plymouth in the lower harbor. Two other vessels similarly situated, one of which was cotton laden, were also relieved. None of the vessels sustained any damage so far as is known. Reports prevail of a total wreck off this harbor, but they have not yet been traced to a reliable source.

See what the Cincinnati *Enquirer* says: "All the Rage" is one of the most amusing plays ever presented to the public. To briefly generalize, it fell not a rood short of the promises. In a word it was a success.

The proprietors of that immensely popular remedy, Kidney-Wort, in recognition of the claims of the public which has so liberally patronized them, have prepared a liquid preparation of that remedy for the special accomodation of those who from any reason dislike to prepare it for themselves. Once a man searched through what is now the State of Florida to find a fountain he had heard was there, which was able to make an old person young again. He failed. We can't be boys or girls again. Mr. JAMES I. FELLOWS, *Manufacturing Chemist.*

SIR:—Fellows' Hypophosphites being an excellent nervous tonic, it exerts a direct influence on the nervous system; and, through it, it invigorates the body.

It affords me much pleasure to recommend a remedy which is really good in cases for which it is intended, when so many advertised are worst than useless.

LOCAL MATTERS.

More rain.

"Early Bird" assembly at Music Hall this evening.

Since the last rain set in some fears are entertained of a freshet.

There are now one hundred and fifty telephone subscribers in this city.

Mr. Andrews' class in Dexter will close with a masquerade Monday night.

Representative McKusick, of Calais, passed through the city yesterday en route for home.

The members of Frank Mayo's Company arrived in the city yesterday morning and stopped at the Exchange.

Several schooners were burglarized in Bucksport last Tuesday night, and some articles of little value carried off.

Geo. W. Hall, Esq., of this city, has been admitted to practice in the United States Supreme Court at Washington.

Should the weather prove very stormy this evening, the entertainment at Orono will be postponed until Monday evening.

The Provincial Postmaster-General has ordered the transportation of mails between St. John and Bangor, on the night trains.

City Hall being engaged Friday evening the Crusade will hold their public meeting at the reading room on Franklin street. All are cordially invited.

In the list of ex-Governors of Maine that has been going the rounds of the press the names of Hons. H. J. Anderson and Wm. G. Crosby were omitted.

The members of Mechanics Lodge at Orono had a sociable at their hall Wednesday. About seventy of the members and their lady friends were present.

City Solicitor Vose has gone to Augusta to appear before the Railroad Committee, in favor of the amendment asked for, giving the B. & P. Railroad the right to build branches.

Captain Ingraham, who has been on the Sanford line since 1853, says he has never known a steamer to be so delayed as by last week's storm. He advised the passengers to consult Thomas Almanac before going to sea.

Professor Churchill gives readings in Brunswick, Monday evening, arrangements having been made by the two Bowdoin Sophomores from Bangor, Benson Sewall and Wm. P. Pearson. He will have a hearty welcome in this city Tuesday evening.

The sale of seats for "All the Rage," one of the most comical plays at present on the boards, will commence at Bugbee's this morning. There will doubtless be a large demand for choice places, and all who enjoy a hearty laugh, (and who doesn't?) will be sure to be on hand.

Gilbert, Crandon & Co.'s Express have been extending their offices into new fields and have now got the territory of Eastern Maine pretty thoroughly covered. Chas. E. Weeks, a Rockland boy, has just taken a one-third interest in the company, and has charge of the Penobscot River division.

A GOOD DEED. When the steamer Lewiston left Machias she had on board thirty passengers bound for Washington to attend the inaugural of Gen. Garfield. The delay of the steamer in reaching Portland would have knocked their plans out of time, had not Capt. Deering, with great kindness, put into Belfast, and enabled the anxious passengers to catch the train, which got them to Washington on time.

THE PEDESTRIAN MATCH. Judging from the number of peds already entered, the race at Norombega next Tuesday, will be closely contested. Among those now entered are Dennis Donivan, Natick, Mass., the fifty mile champion; Henry Redding, Pawtucket, R. I.; Jere Hourihan, Boston; M. J. O'Toole, Clinton, Mass.; Hiram Jackson, New Bedford, Mass.; White Eagle, Montreal; Stephens, Caswell and Gilbert of Bangor. The entrees will close Saturday evening at eight o'clock.

COMMENCING YOUNG. It is reported that a boy by the name of Smith recently broke into a house in Barkerville and carried off quite a number of articles of more or less value. He also took a horse out of one of the barns there and started to leave the city, but we understand that nearly all of the stolen property has been recovered. This boy is only about eleven years old, but is already considered quite a dangerous character and if guilty of all the offences with which he is charged, the Reform School is the proper place for him.

FARMERS' INSTITUTE. The following is the order of exercises for the Farmers' Institute which will be held in Temperance Hall, Corinna, next Thursday: "Dairy Farming," discussion opened by members of the Board; "Advantages of Associated Effort," by Francis Barnes, proprietor of Nickerson factory, Houlton; "Relations of Geology to Agriculture," by Pres. C. H. Fernald of State College. A general attendance of farmers and their wives is desired. Young farmers are especially invited. Samples of butter and cheese are solicited for exhibition.

HYMENEAL. Mr. A. G. Hanson, of this city, was united in marriage to Miss Anna D. King, of Orrington, Wednesday evening. The ceremony occurred at the residence of the bride's sister in Augusta. Last evening the happy couple arrived in this city and were greeted at their home, on Centre street, by a pleasant party of friends. They were the recipients of some very handsome presents and the evening was passed in a most social manner. Mr. Hanson is the book-keeper for Messrs. Morse & Co., and has the best wishes of his many friends in this city for a prosperous happy future.

A FAVORITE RESORT. One of the great attractions of South West Harbor and a resort for summer visitors is the "Sea Wall." It consists of a wall of rocks about a third of a mile long and high enough so that the sea flows over it only in case of very high tides and strong wind. On one point of this wall is the ocean and on the other, a pond. A carriage road has been made on the top of it by throwing out the large stone and leaving a smooth road of cobble stones. The rocks are worn into a great variety of shapes. The peculiarity of the place together with the noise of the waves makes it a favorite resort for visitors.

BRADFORD ITEMS. Our correspondent writes: William Kingsbury an esteemed citizen of North Bradford died very suddenly at his residence, February 27th, of heart disease, aged sixty-eight years. ——The winter schools are nearly all closed and the teachers have given satisfaction. One of our teachers, Mr. E. H. Stanhope, started for Burlington, Vermont, a few days since to enter the Burlington Medical University.——A private school was opened at East Bradford last Monday under the instruction of Fred A. Houston, an experienced teacher.——The Bradford stage went on wheels Tuesday for the first time this season.——The annual town meeting will be held next Monday.

A NARROW SQUEAK. Among the freight on the steamer Lewiston last week on her regular trip to Portland was carcass of an immense black bear. It had been killed at Steuben a few days before. In falling a tree it dropped across a hollow log, out of which dashed this bear, to the unbounded astonishment of the woodman. He was given a ball or two, but escaped. A few days after a woodman went out alone in the woods with his axe on his shoulder. The bear came upon him and gave chase. It was a hot race, and ended in the bear getting near enough to clap his fore-foot on the man's snow-shoe. The man tripped and fell, and in falling turned with marvelous dexterity, and dealt the bear a terrific blow between the eyes, sinking the axe into his brain. Another blow finished him, and the man's life was saved. The bear was a splendid fellow, weighing four hundred pounds. His fur was long, and a jet black. Two cruel looking gashes on the head testified to the sharpness of the axe which the woodman had so skillfully wielded.

THE WAY OF THE TRANSGRESSOR. Last week Langdon W. Moore, so well known in the courts of Maine and other States, was convicted in Boston of breaking and entering the Warren Institution for Savings, Charlestown. The Boston *Herald* says that from present indications it is probable that Moore will not live to complete his present term of six years' imprisonment. Although 51, he looks like a man of 70, and appears far gone in consumption and quite weak. Added to the ordinary cares caused by confinement, he has suffered much anxiety of late by reason of his wife having deserted him. His last hope of ever being a free man again will die with him. He is a prematurely broken down and shattered man, and, as he appeared in court, yesterday, was the picture of misery. So pale, thin and haggard did he appear, that some of those in court who have known him for many years, could scarcely recognize him. As he now stands, he is friendless and without a dollar, a sad reflection, considering the hundreds of thousand of dollars he has enjoyed during his life. His only friends now seem to be his counsel, who have labored faithfully and zealously in his behalf. His position, however, affords another illustration of the biblical saying: "The way of the transgressor is hard."

FOR THE LADIES. The new face-trimmings for bonnets are in the style of the years immediately preceding the French revolution. Of course they are becoming like the face trimmings of all the years before and since. Mechlin and Languedoc lace will both be used by the milliners during the coming season. Scarfs of muslin and Brussels net will be trimmed with them and they will be mingled flowers. Spanish lace scarfs will be used for black hats. The number of tints and styles shown under the name of woolen mixtures is really bewildering. There are stripes and clouded stuffs and checks so slightly defined that one can hardly be quite sure that they are visible or only imaginary, and the hue of the material changes with each movement of the wearer. Ladies who make their belt bows of narrow ribbon with long ends reveal their good intentions, but also their lack of knowledge. Nothing but sash ribbon should be used for these ornaments, and not less than a yard and a half can be employed for a bow. Three long standing loops and one short loop and two ends about ten inches in length are required. Repped or satin ribbon may be used as one pleases.

AMUSEMENTS.

Frank Mayo.

The eminent actor, Mr. Frank Mayo, made his first appearance in Bangor last evening before an audience that filled old Norombega to repletion. It has been well said that Mayo's "Davy Crockett" is a creation of his own, for it would be impossible to conceive a truer conception of the character of the rough, but noble hearted backwoodsman than that which delighted the large audience last evening. The piece is one that appeals to the tender sympathies, and as presented by this company holds the closest attention of the spectator, who shares the sorrows and joys of the principals, now weeping, then laughing, as they are carried along with unabating interest through the various incidents of the play. Mr. Mayo was ably seconded by Miss Weaver in the character of "Eleanor Vaughan," and the minor parts were well taken. Little Bob and Sal Crockett, (Clara and Baby Thropp) captivated the audience. Mr. Mayo and Miss Weaver were called before the curtain during the evening. This company have firmly established themselves as favorites here and can rest assured of a cordial reception whenever they come this way again.

Decision in Law.

The following decision has been received by Ruel Smith, Esq., Clerk of the Eastern Law District:

PENOBSCOT COUNTY CASE.

Richard Stuart & als. in Equity vs. Elliot Walker & als. "Demurrer overruled: Bill sustained, with decree as indicated in the opinion or rescript, without costs."

Rescript—Where a testator devises an estate in general terms, without specifying the nature of the estate, and gives the devisee a power of disposition of the property, providing a limitation over; if the power of disposal is unconditional, the devisee takes a fee; if conditioned upon some certain event or purpose, he takes a life-estate only.

Where an estate is devised to a person *expressly for life*, with a power of disposal qualified or unqualified, the devisee takes an estate *for life only*, with a power to dispose of the reversion; the express limitation for life controls the operation of the power, and prevents it from enlarging the estate to a fee; to this rule, however, there being an exception, sometimes, in the case of a bequest of perishable things, of which the use consists in the consumption.

The testator made a devise and bequest, (discarding redundant words) running *thus*: "I devise and bequeath to my wife the rest of my estate, real and personal, with the right to use, sell or otherwise dispose of the same, and the income and increase thereof, according to her own will and pleasure, *during her life time*. And so much of said estate, with the increase, income and proceeds thereof as may remain unexpended and undisposed of by her at her decease, I give, etc."

Held: This devise gives in express terms an estate limited to her lifetime, not to be extended by any implication arising from the power of disposal annexed; the words 'during her life time' qualifying all the previous clauses of the devise.

Held, also: That the estate devised, with its income, increase and proceeds, real and personal, into whatever form converted or appropriated, so far as the same can be traced and identified, which remained unexpended by the wife at her death, should be surrendered, conveyed, and paid over to those persons who were secondarily entitled to the estate under the will.

REPUBLICAN CAUCUS.

Nomination of Lysander Strickland, Esq., as a Candidate for Mayor.

Notwithstanding the unfavorable weather last evening there was a large attendance at the Republican caucus, held in City Hall, to nominate a candidate for Mayor. The caucus was opened by Geo. A. Davenport, Esq., Chairman of the City Committee, who read the call and nominated John L. Crosby, Esq., as Chairman of the meeting.

Mr. Crosby was received with applause as he stepped forward, and after acknowledging the honor conferred, he spoke briefly on the financial standing of the city. He said that it had been alleged that the Republicans had mismanaged the affairs of the city and he wished to deny the report. The criticism has been made that taxation was increased last year, but every sensible man knows that the appropriations for the city were small and prudent. Unfortunately at the commencement of the year we were confronted by a judgment of $26,000 in the Veazie mills case and increased State tax, the latter caused by those in affiliation with the very class of men that are now shouting about taxation. This made the difference in the rate from $2.50 to $2.90. Our citizens promptly met the debt, however, and there are less unpaid taxes on the books now than for years. But after all has been said, out of the moderate appropriations the books show an unexpended balance of $12,000 and a cash balance of $22,000 to start on the new year. Mr. Crosby's remarks were direct to the point and were listened to with marked attention.

The organization was then completed by the choice of E. P. Boutelle as Secretary.

On motion from the floor the Chair appointed the following committee to receive, sort and count votes:

Ward 1—F. D. Pullen.
Ward 2—W. J. Webb.
Ward 3—James Adams.
Ward 4—Wilbur F. Braun.
Ward 5—Chas E. Getchell.
Ward 6—Manly G. Trask.
Ward 7—Geo. M. Fletcher.

The caucus then proceeded to ballot with the following result, which was announced by Mr. James Adams:

Whole number votes,	366
Necessary for a choice,	184
Lysander Strickland,	189
F. F. French,	91
S. D. Jones,	86

Mr. Strickland was then declared the nominee and the caucus adjourned.

A PERFECT MONSTER.

Merrill the Matricide.

Charles Merrill, the self-confessed murderer, who is now waiting final sentence, in the county jail, is apparently an example of "total depravity." He seems to be a stranger to remorse, and is insensible to any distinction between right and wrong. Since his incarceration in the jail, evidence is accumulating which goes to show his moral rottenness. On the night of the 17th of June last, two large barns, belonging to Oliver Hammon, of China, a neighbor of the Merrills, were burned to the ground. Mr. Hammon informs us that young Merrill has confessed that he was the incendiary. It seems that Mr. Hammon had a fine calf which Charles wished to purchase, but the owner refused to part with the animal. So this young monster took this method to get even, probably hoping that in the confusion he could steal the calf without being detected. After Charle was turned out of doors by his mother, in September, he went to live with a relative named Sumner Merrill, to whom he told this story. Mr. Merrill says that he did not dare to reveal the secret until Charles was behind iron bars. Charles also related to his relatives, with considerable gusto, his numerous other misdeeds, and tried to induce Mr. Merrill to become his accomplice in crime. On one occasion he said: "Sum, Natt Jones has a nice flock of sheep. Now if we set his barn a fire we can get hold of some of them without getting caught." These are but a few of the escapades of this young desperado. In this connection it may be interesting to state that a hand of the murdered woman, with one or two fingers chopped off, has been found in the road between the scene of the tragedy and the village of Week's Mills. It was partially covered with snow, and had probably jolted out of the load of potatoes which he was bringing to market. The unhappy father of the murderer, who was in the woods at the time the atrocious act was committed, is nearly insane with grief.—*Kennebec Journal.*

THAT'S A FACT.

A man can't work unless he feels well. The hard times have made plenty of people sick simply by worrying them almost out of their wits about money and business. Trouble of mind has brought on trouble of body. There is indigestion, heaviness in the head, and all that. Are you afflicted in this way? Go and invest One Dollar for a bottle of Dr. David Kennedy's "Favorite Remedy," and it will make a new man of you. It takes the bile out of the blood, and is worth a trip to Rondout, N. FELLOWS' HYPOPHOSPHITES.

NEURALGIA.

It has been ascertained that the most inveterate cases of neuralgia are cured by Fellows' Syrup of Hypophosphites. Not only is the principal disease eradicated, but the patient is made vigorous and strong the stomach, the blood, the skin become healthy, and he obtains a new lease of enjoyable life.

The only satisfactory treatment of neuralgia is by strengthening the nervous system. A person with strong nerves never suffers from this disease.

The virtues of Fellows' Compound Syrup of Hypophosphites are such that other remedies are seldom required.

The demand for Hypophosphite and other Phosphorus preparations at the present day, is largely owing to the good effects and success following the introduction of this article in the United States.

IMPORTANT.

Should the invalid have any difficulty in procuring the Compound Syrup in his vicinity, et him not be put off with any other remedy, because this article has not its equal in the diseases for which it is recommended

NOTE —Be suspicious of persons who recommend any other article as "just as good." The highest class medical men in every large city, where it is known, recommend it.

CELERY AND CHAMOMILE PILLS.

These Pills have met with the most Remarkable Success as is at tested by the Immense Sales they have Attained.

Hundreds have testified to the Benefit they have derived from their use in the cure of Sick Headache, Nervous Headache, Neuralgia, Nervousness, Paralysis, Sleeplessness and Indigestion.

It is a Fully Established Fact, Based on Actual Experience, and There is No Kind of Doubt but They Will Cure These Diseases.

DR. C. W. BENSON'S CELERY AND CHAMOMILE PILLS are prepared expressly to cure Sick Headache, Nervous Headache, Neuralgia, Nervousness, Paralysis, Sleeplessness and Indigestion or Dyspepsia, and will cure any case, no matter how obstinate, if properly used. They are not a cure-all, but only for those special diseases. They contain no opium, morphine or quinine, and are not a purgative, but regulate the bowels and cures constipation by curing or removing the causes of it. They have a charming effect upon the skin, and a lovely, quieting effect upon the nervous system, simply by feeding its ten thousand hungry, yes, in some cases starving absorbants. They make or create nerve matter and give power, force and buoyancy to the nerves, and in that way increase mental force, endurance and brilliancy of mind. Nobody that has a nervous system should neglect to take them two or three months in each year, simply as a nerve food, if for no other purpose. The Bangor Savings Bank of said Bangor, respectfully represents, that at the term of said Court, holden at said Bangor, on the first Tuesday of January, A. D. 1878, on the eighth day of March of that year on petition filed and examination had, said Court did order and decree, that the deposit account of each depositor, in said Bank, should be reduced to the extent of thirty per cent. thereof, which order was thereupon carried into effect

That since that time the business affairs of said Bank and its assets have been conducted with such success, that in the opinion of the Trustees, the said thirty per cent. reduction may now be safely restored to the several depositors and paid to them, and that such payment will be for the interests of the depositors, and the public. The said Bank does therefore, in accordance with the provisions of the statute in such case provided, and agreeably to the vote of its Trustees, now pray that upon due notice and examination had, the Court may order and decree payment to each depositor of the sum so deducted from his or her deposit, on and after the first day of September next, in full, any certificate issued for such reduction to be surrendered.
